Winter Carnival Ball to Feature Ted Herbert's Popular Orchestra

Ted Herbert's 14-piece orchestra, famous throughout the East, will be the featured attraction of the Carnival Ball, which will be held in New Hampshire Hall, Friday evening, with dancing from 9:00 p.m. to 2:00 a.m.

A former conductor of Army bands in the South Pacific area during the war, Ted Herbert organized his group some three years ago and has built up a nation-wide reputation through extended tours of the East. His group enjoyed a summer-long appearance at Hampton Beach last year, and have

been featured at the Commodore Ballroom in Lynn, the Acadia Ballroom in Providence, and numerous New England college dances including Bates, Dartmouth, St. Anselm's, Bowdoin and Tufts.

Bill Keenan will share the vocal spotlight with the band tomorrow evening, and the Herbertmen have assured the Carnival committee that they will play all requests possible, with music devoted to satisfying the dancing public.

Ted Herbert

Guests at the Ball will be President and Mrs. Arthur S. Adams, Dean and Mrs. Medesy, Dean Ruth Woodruff, Mr. and Mrs. William Prince, Mr. and Mrs. Glenn Stewart, and Miss Evelyn Brown. Other guests present for the evening will include Congressmen Chester L. Merrow and Charles W. Tobey, and Governor's Aide Major Donald D'Arcy.

N. H. Girls' Ski Club Enters First Meet

The New Hampshire Girls' Ski Club participated in an invitation ski meet at Kents Hill, Maine, on February 5. This was the first active competition for the Club. They were matched against teams from all over New England. Representing the club were Pat Wilkie, who set an outstanding pace by placing first in the slalom and second in the downhill; Barbara Wheedon and Reetie Jordan, all of whom were coached by Miss Barbara Newman of the Physical Education Department.

Final team standing placed New Hampshire fifth in a field lead by Westbrook Jr. College, Waynelete second, Deering High School third, University of Maine fourth, Fryberg Academy sixth, and Kents Hill seventh.

Last week-end a group of twenty-four from the Ski Club made a trip to Franconia and got excellent practice on the trails at Cannon Mountain. Timed try-outs are being held this week at the new skiing area at Hale Mountain in Barrington and the first five girls to make the best time in a downhill and slalom course will leave February 23 for the Middlebury Winter Carnival to compete in the four-day events at that college.

Ice Show Stars Russ Mullen, Junctioneer's Skating Club

The Cossack Act of the Ice Show

Featured entertainers at the annual Ice Show to be held at the swimming pool at 7:00 p.m. Saturday evening will be the Junctioneer's Skating Club of Claremont, N. H., an amateur group of youthful ice cavortists who have built up a statewide fame following their 1949 debut at the Newport, Laconia, and Dover Winter Carnivals, this year.

Ranging in age from 4 to 16 years, the Junctioneers will present their show under the direction of Aland

Dot Martell, with UNH's Russ Mullen as guest star. Formally a member of the nationally famous Ice Capades, Russ will present his sumersault which has always won acclaim for the well-known skater.

During intermission, a novelty hockey game between Senior Skulls and Mortar Board members will be featured. This event will be enjoying its debut to the Winter Carnival program this year.

Blue and White Series Presents State Orchestra

The Blue and White Concert-Lecture Series will present the New Hampshire State Symphony Orchestra at New Hampshire Hall next Wednesday, February 23.

The orchestra, which is now in its third season, will be making its first appearance at the University, although Mr. Steele, Mr. Reynolds, Mr. Funkhouser, Mr. Giles, Mr. Marshall, and Mr. McIntire of the UNH faculty and several students are members.

The program for Wednesday evening will consist of the "Overture to Don Giovanni" by Mozart and "Piano Concerto No. 4 Opus 58 in G" by Beethoven as played by Mr. Donald Steele, pianist. This Fourth Concerto was of historical importance in developing the concerto form.

Following intermission, "A Song of Summer", an original tone poem for orchestra by Mr. Manton of the music faculty, will be played.

After this Brahms' "Variations on a Theme by Haydn"; "Lancelot and Elaine", a symphonic poem by MacDowell; and "Capriccio Italien" by Tchaikowsky will be presented.

Mr. Paul L. Bauguss will conduct the Symphony in this first appearance at Durham.

Punchinello Is New Humor Magazine

Punchinello, as you may know, is the real name of Punch, mock-hero of the Punch and Judy puppet shows.

A Punchinello may be further defined as one who makes a business of amusing others. For this reason it has been deemed an appropriate name for the new humor magazine which has been announced this week. Undertaken as a semi-commercial enterprise, it will be published off-campus.

Punchinello will contain humorous stories, cartoons, and jokes. The type of humor which it intends to convey is that of a humor magazine with sophistication. In order not to deter the buffoons, however, it is emphasized that the editors claim not to be prudes.

As an attempt to offer an outlet to aspiring humorists, it is hoped that students will be among its chief contributors. As a student humor magazine has been refused by the Board of Trustees of the University, it is possible that in this way such a venture will aid in satisfying a need expressed by the students.

The staff of Punchinello has announced that at first bonuses will be paid for outstanding contributions. In time, as its success is ascertained, a permanent payment rate will be established for accepted material.

Punchinello is now in the process of preparing its first issue for publication. Editorial material is being accepted for this and succeeding issues. It is expected that the publication will be monthly.

All manuscripts which are submitted will be returned if a stamped, self-addressed envelope is enclosed. Any communications may be addressed to Punchinello, Box 501, Durham, New Hampshire.

Mindszenty Controversy Gives Object Lesson to the World

by Richard E. Wall

On Friday, February 11, the UNH Newman Club passed a resolution condemning as unjust the "arrest, confinement incommunicado, mock trial, and infamous sentence" of Josef Cardinal Mindszenty, Roman Catholic primate of Hungary, by the Communist government.

In their resolution the Newmanites called for a protest by the U. S. Government of the trial, to the Human Rights Division of the United Nations General Assembly.

The events immediately preceding the trial of Cardinal Mindszenty are not entirely clear. The background

in history of the conflict between Cardinal Mindszenty and the Communist forces, however, has been known and watched for three or more years.

When the Communists gained supremacy in Hungary, it was inevitable that some drastic adjustment would have to be made between diametrically opposed forces of Roman Catholicism and Communism, or there would eventually be an open breach between the two groups.

A few of the Hungarian clergy, following Father Istvan Balogh, adopted a policy of collaboration with the government.

Led by Bishop Laszlo Banass of Veszprem and Archbishop Gyula Czapik of Eger, a considerable portion of the Catholic clergy decided to stall for time, making minor concessions to the Communists and waiting to see what would turn up. This was the policy followed in Poland and Czechoslovakia.

Cardinal Mindszenty, however, apparently could not stomach any attitude but defiance, and in this stand was backed by the largest group of clergy and laymen.

The specific actions he took against the government are in some cases controversial. George Seldes, editor of *In Fact*, a weekly newspaper dedicated to serving as an antidote to falsehood in the daily press, charges in his January 24, 1949 edition, that Cardinal Mindszenty "openly rebelled against the Hungarian regime's nationalization of the one million acres of Church land." The February 14, 1949 issue of *Time*, however, states that he "did not fight the land reform". The same issue of *Time* stated that the Cardinal made his "great stand" against the nationalization of the schools, sixty per cent of which were run and supported by the church.

The Communists tried to silence Mindszenty by offering him safe conduct out of the country. He declined.

It was at this point that the Vatican declared itself in support of Mindszenty.

In November the secret police began shadowing the Cardinal. The day after Christmas he was arrested.

The question of whether or not Cardinal Mindszenty was drugged, beaten, or otherwise pressurized into making his repeated confessions before and during the trial is purely a matter of conjecture. Eye-witness accounts and photographs indicated that he did not look drugged or tortured, although he apparently looked pale and tense. He gave the impression of a man in possession of his faculties. Considering his strong, extremely adamant personality, the aforementioned issue of *Time* says, "No drug

Henri Bonet Invited To Cercle Causerie

Several dignitaries have been invited by Cercle Francais to their French Day. Among them are: Mr. Henri Bonet, Ambassador of France, Mr. Albert Chambon, French Consul at Boston, Mr. Charles Boyer, Mr. Deith Piaff, Mr. Maurice Chevalier, Mr. Charles Trenet, and the Harmony Club of Rochester. Invitations have also been sent to French cultural groups throughout New England. Every member of Cercle is asked to join one of the several French Day committees which have been formed. The "causerie" will take place on February 21st at 7 p.m. in Murkland 303.

Three French films were featured at the monthly meeting of the Cercle Francais, held February 7th. During the business meeting, plans for the coming French Day were discussed.

Monday, March 7, has been designated as the date for the next meeting of Cercle Francais. An outstanding New Hampshire celebrity will speak in French to the club.

Piciorak, **Sigma Beta**, was awarded the Medal of Honor by his brothers for defending the honor and glory of the house when it was besmeared. He also got the Purple Heart! . . . And more congratulations go to **Pi K A's** "Pip" Anastos, who won second prize (continued on page 4)

Students Speak at Concord On Hart Resolution

Several UNH students spoke at a continuation of the public hearings of the Joint Committee on Judiciary and Education considering the Hart Resolution which was held in Concord on February 9.

Testifying at the hearing were Leo Redfern; Gordon Barnard, chairman of the Committee to Defend Faculty and Student Rights; Harold Henderson, Secretary of the Young Democratic Club; Harold Horne; John Connors; Mr. Harris, English instructor, and Prof. G. Harris Daggett, all of whom spoke in opposition to the resolution.

An executive session (closed) of the committee was held on Tuesday, the 15th, at which President Adams presented his views.

Valor that parleys is near yielding.

Queer Animal Found Up North; Snow-Bunnies Litter Countryside

So, you want to be a snow-bunny? Hah, you should stay in one piece so long!

My friend Al and I spent the last weekend tracking down this strange animal, studying its weird habits and strange habitats. We were amazed at our findings and due to the limited amount of space allotted to this col-

umn, it is impossible to publish the complete data.

There are many species of the snow-bunny family we shall deal with.

The snow-bunny exists mostly during the weekend. The rest of the week he spends in a state of suspended animation in mills, business offices, shops, colleges, and kitchens.

Let us consider first the "The Weekend Snow-bunny". There are several types of this species, the most familiar to us, however, are the Outing Club snow-bunnies. These snow-bunnies as soon as classes are over on Friday, pack their sleeping bags and hickory slats into the O.C. truck and take off for the North country. There, in either the Franconia Notch cabin or the Jackson cabin, they live until Sunday, shushing down the slopes during the day and shushing down other stuff in the neighboring joints at night. The majority of these return in one piece but some leave a limb hanging on some ledge, while others leave the white slopes covered with 86 proof blood. But they never complain. They always come back with reports of a weekend well spent.

Then there are the "Ardent Snow-bunnies". They are known to arise at the unthinkable hour of five a.m., spend three hours preparing a hearty breakfast of bacon, eggs, biscuits, hot-cakes, juice and coffee, then spend another three hours cleaning up the mess they made preparing the sumptuous breakfast, and after finishing all their chores they take off for the lifts only to remind themselves that by then it is time for lunch. They once again go through the same routine they started at five and before they know it it is time for supper. But they do not consider their day wasted. They, too, with their stomachs full, return with reports of a weekend well spent.

The snow-bunny is indeed a strange animal.

Pride and Prejudice

by Ken Fish

What would you have done, if, upon returning to school at the beginning of the semester, you had entered your room and found your roommate moved out and in his place another student of your own age — neat, friendly, but — a Negro? Depending upon who you are, your reaction might have been one of many. The chances are it would not have been without some shock, mental reservation, and feelings of awkwardness.

You, as an intelligent Northerner, probably think that you are unprejudiced. But are you? Being unprejudiced is not just being tolerant. It is more than that. Tolerance implies enduring, putting up with a situation. The truly unprejudiced person does not merely put up with difference of race or belief; he welcomes it.

Much is currently said and written about things un-American and undemocratic, but what is democracy? Basically it is the recognition of the worth and dignity of the individual on his own intrinsic merits. Nothing is so hostile to democracy as prejudice which, in its concern for the externals of color and heritage, blinds us to the person.

Yet there are few, if any, of us who have been able to completely erase this evil from our character. Who of us has not had the experience of discovering that an acquaintance is a member of a racial, or, more frequently, religious minority and noticing that although we were certain that we were unprejudiced, somehow our feelings about him have been changed?

Admitting that we all, to an extent, harbor some prejudice, let's not add to this the blotch of hypocrisy; let's admit it.

Next week (Feb. 20-27) has been designated as National Brotherhood Week. Believing that knowledge will help us to combat our own prejudices and understand those of others, SCM, Hillel Club, Newman Club, and the Notch Cultural and Recreational Committee are sponsoring a panel discussion at the Notch at 8:00 p.m. Tuesday evening, February 22.

The panel will include Mr. Long of the History Dept., Mr. McIntyre of the Psychology Dept., and a representative from the Sociology Dept. The theme of the panel, "Prejudice, Barrier to Brotherhood" will first be presented by the main speakers; after which the audience will be invited to participate in the discussion.

Be honest with yourself: the subject of this meeting — prejudice in one form or another — is responsible for much misery and suffering in the world today. You, as an individual who has been largely untouched by it, have a responsibility to society and to yourself to come to this panel discussion and learn the barriers to be avoided in making brotherhood a vital, living part of life itself.

Free and Responsible Press

Mr. Loeb's Morning Union has seen fit to viciously attack the integrity of **The New Hampshire** for running a story about the "Hart Resolution".

Claiming we don't seem to realize "that liberty isn't license", Mr. L's free press proceeds to blast our reputation by insinuations.

We have received opinions, from persons regarded more highly than Mr. L, that our issue of Feb. 10 was objective and presented both sides of the issue fairly. We printed both bills in full. We do not feel it necessary to go into a detailed defense against such a flimsy and absurd charge as made by the "Campus Screed".

Speaking of "Campus Screed", **The New Hampshire** will give one year's free subscription of our paper to any member of the student or any member of the Union Leader Corporation who intelligently defines what is a "Campus Screed". Webster's Collegiate defines "screed" as: "... a drinking bout; a tirade. . ." We wonder which one applies.

We hope that many members of the Union Leader Corporation win these subscriptions, in order that they may get a paper which observes those journalistic ethics their profession has established, and with which, we are afraid, they have lost contact. To our Yankee minds, the Union brings more of the flavor of Chicago to N. H. than the flavor of Winnepesaukee.

We sincerely believe that Mr. Loeb's paper's vicious, unethical, attack upon our integrity strikes at the very foundation of a free and responsible press — the same freedom of the press of which Mr. Loeb claims to be Chief Defender.

It seems to be developing into habit for the Union to lash irresponsibly at all who dare disagree, or even those who merely decline to agree, with the Union's personal opinions. When the majority of state papers oppose this overgrown organ of opinion, as they did on the "Hart Resolution", the Union lashes out blindly at any one of them — preferably a campus weekly that is objective enough to be obnoxious.

When the Union is alone on any side of an issue, that paper seems to bellow louder, and we can't help thinking it's just to keep up their editorial courage. Mr. Loeb may hate to confess his idea is wrong and, like an arrested shop-lifter, he shouts louder and louder of his innocence; to convince himself, at least, if no one else.

We regret that New Hampshire journalism must suffer from the tabloid tactics of the Union. But for those Americans who despair because such a powerful channel of public opinion acts, at times, irresponsibly, let us take courage in the fact that our system of freedom of the press is strong enough to bear this burden.

More and more people of New Hampshire are discerning the vital difference between a free press and a free and responsible press.

That distinction gives us the courage to snatch the Union's motto, "There is nothing as powerful as the truth", from its masthead and throw it right back in its face. L.F.R.

Bowdoin Beats UNH Hockey Team 6 to 4

On wet rush up at Brunswick, Me., the Bowdoin Polar Bears outskated the UNH hockey team and sent the pucksters to their second defeat in two starts by the tune of 6 to 4. Despite a territorial advantage to the Cats they were hampered by the terrible ice conditions and went down when Captain Archibald of the home team sank two quick goals midway through the final period.

MacDonald took a pass from Bill Christy to put the Cats off in front in the first period but Fleming quickly knotted the count with a shot into an open net after Blanchard and Forgues had faked goalie Moore out of position. Soon after Bonzagni came in all alone to miss his shot. But Stanwood took the rebound at 6:59 to give the home team a 2 to 1 lead. At 9:28 Noel passed to Ronnie Sleeth who tied the count at 2-2. At 12:59 the Bears regained a 3-2 lead when Archibald passed to King who beat goalie Moore.

In the second period Fred Comings brought UNH back on an even footing late in the period on a pass from Bill MacDonald. There was plenty of excitement during this session, nevertheless, as Sky Berry hit a Bowdoin over the head with his stick. Amidst much booing he was penalized five minutes, and no sooner back on the ice he again went off for fighting. Just after the Cats knotted the count at 3-3 Stubby King again put the home club in the van when he beat Keith on passes from Decker and Archibald. However, Noel passed to Fournier who tied the game up for the third time at 16:05. There was much dispute over this goal which came after a mistaken whistle. But when referee Sullivan called it a goal he stuck by his decision. The Bowdoin goalie hardly made an effort to save it, but the tally did not affect the final outcome.

Winter Tracksters Lose To Bowdoin by 71 to 45

Bowdoin walloped UNH 71 to 46 last Saturday in a dual meet which saw five meet records shattered and two equalized. The Polar Bears gave up only two first places and deadlocked in another as they held the visitors better than even in the running events and to six points in the weights.

Mack Holmes, Bowdoin sprinter, set two of the five marks, leaping 22 feet 6 inches in the broad jump to better the old record by 10 inches, and lowering the 40-yard dash from 4.7 to 4.6 seconds.

Dwight Adams, running his first meet for the Bowdoin varsity since transferring, lowered the two-mile record from 10:11.2 to 9:59.8 and equalled the mile record at 4:42. He won both races just as he pleased with a 250 yard margin over Russ Chase in the shorter run, and a 50-yard advantage over freshman Bob Paulson in the finale.

Capt. Earland Briggs set a new 300 yard dash mark of 33.5 seconds, a tenth better than the old one, and followed Marty Lee to the tape in 6.1 seconds for the high hurdles to equal another.

WRA NOTES

The Co-Recreational Volley Ball Tournament started this week after letters were sent out to all houses on campus asking them to participate in the Round Robin Tournament. Each house will be represented by a squad consisting of five members plus five representatives of the fairer sex. If there is a shortage of girls the houses can send out an S.O.S. to the Physical Education Department and they will obtain the necessary number of females. (Surely you have as much charm as the Physical Ed department, men. You ought to be able to get your own women.) Remember, a girl can only play for one team.

There are two leagues; the winner of League One will play the winner of League Two for the campus championship.

CONNECTICUT 52 UNH 43

The Connecticut Nutmeggers, conqueror of powerful Rhode Island State and recent winners over Boston University invaded Durham last Tuesday night to play the Wildcats. The UNH team has conquered powerful St. Anselms' and Northeastern at home and should put up a better scrap than the game earlier in the season at Storrs turned out. The final score of

this encounter was 66 to 37 against UNH. Bartnicki, Lind and Maloney are the spark-plugs of the Uconn aggregation which has not lost either home or away to the Wildcats in a long time.

The Wildcats have lost only in overtime to Springfield and by six points to Vermont at home. After this game St. Michael's comes to Durham on Friday.

Dartmouth Wins Its Carnival; Cats 4th

Dartmouth College piled up their largest victory margin since 1937 and captured three out of four events of their 39th annual winter carnival thus defeating eight of the leading colleges and universities in eastern United States and Canada. Favored Middlebury trailed in second place 29.4 points behind with a total of 558.9 and McGill was in third position only four points behind last year's winner. The University of New Hampshire, second for the first day, could only wind up in fourth slot.

With the zero winter weather that prevailed this weekend the snow conditions were perfect for the jumpers, although specialists in downhill and slalom had to call on every bit of their skill to control their steel edges.

Falls were quite frequent as the ski board artists tried to reach out a littler farther on each leap. In the first round five jumpers were grounded; one on the second attempt and eight on the final jump.

Wildcat Ralph Townsend placed third behind Dartmouth's Wilbur Bull and Arneburg in the combined cross country and jumping with 429 points. Si Dunklee of the Cats took a third in the cross country. In the downhill-slalom combined Townsend finished 12th in 1:59 with Hubbard 17th in a time of 1:64. Cole placed 24th with a time of 1:75 and Bailey took 28th slot in 1:79.

On Saturday the ski team journeys to Montreal, Canada for the McGill winter carnival and the following week closes its brief campaign at the Middlebury, Vt. festivities.

Wildcats Nip Maine But Lose to Northeastern

By George Haselton

The UNH basketball team won their third straight game last Wednesday when they finally broke the Orono jinx to come from behind in the closing minutes and down Maine 52-51, for the first time up there since 1940. But in Boston last Saturday night Northeastern avenged their early season setback in Durham by putting the Cats to rout to the tune of 75-54.

Levandowski Stars

The Orono affair was nip and tuck all the way with the Cats trailing most of the way. Bill Levandowski played one of his best games in recent years and scored 15 points, one less than high scorer Bub Millman. Chuck Katsiaficas, who fouled out of the affair, got 12 points to equal Kelsey of Maine who led the Bear attack. The Cats trailed 30 to 27 at the intermission, caught the Bears at 40 all and won the thriller thanks to a couple of baskets by Bub Millman.

Walsh High Scorer

Big Walsh of the Huskies regained his stride to lead Northeastern to a lopsided 21 point win. He scored 26 points thanks to 10 baskets and off-set Bill Haubrich who notched 24 points, 17 in the latter half. Blair of the home team got 17 points for the winners who tallied 31 times from the floor. The Cats sank 18 foul shots but it was not nearly enough. North-

eastern had a 34 to 18 advantage at halftime. It was the ninth straight home win for the Huskies who have yet to lose on their home court. The Freshmen team of Andy Mooradian lost its fifth game in five starts this campaign and did it the hard way. With only a few minutes remaining the score was 46 all, but the Huskie frosh ran roughshod in the last couple of minutes to win 61 to 48.

Freshman Pucksters Play 5-5 Overtime Tie at Tilton Carnival

After seven straight cancellations due to weather Pepper Martin's freshmen hockey team finally got a game in but still is looking for a victory. After a five-minute overtime game they tied Tilton 5-5. Only one more game is scheduled for the season against New Hampton here in Durham and if this warm weather keeps up there will be another cancellation.

Thus the Martinmen may wind up their season without either a victory or a defeat!

As to the game at Tilton it marked the second tie for the prepsters who have also won two and lost two. The game highlighted the home team's winter carnival. Wingmen LaSalle of the Kittens was high scorer with three goals, the katrick. Lefty Callahan notched two for the Durhamites to complete the scoring for the Martinmen. Richardson racked up two for Tilton while Giariusso, Carleton and Graves also hit the twines for the home team.

Lineups:

People have been wanting more and more telephone service and we've been working hard to provide it. We've added nearly 9,000,000 new telephones in the past three years. Still more are needed and are on the way.

But that's not all that we've been doing to increase the usefulness and value of the telephone.

Telephone service has been extended to automobiles, trucks, boats, trains and airplanes... real progress has been made in expanding and improving rural telephone facilities... wire and radio relay networks have been developed and enlarged... research has started on new electronic devices which promise to bring even wider horizons of electrical communications within view.

All this means better telephone service for you... more people you can reach easily and quickly... more time in your day... a larger world in your grasp.

Dorm Doings

by Joan Ritchie and Joe Burleigh

A telegram, Special Delivery by dog-sled, from remote **Gibbs Hall** gives us a sample of the campus attitude this week. "Another semester is over **Stop Gibbs Hall** shakes itself with a dazed expression **Stop** views the world with bleary eyes **Stop** counts its casualties **Stop** then swings into the activities of the new semester—**Stop!**"

At **Fairchild** Ray Barbin and Walter Virgin of the social committee are trying to coax, even bribe (with a sawbuck), some ideas for a snow sculpture.

Robert Gourley of **Hetzel** has taken the big step. Best wishes for a successful marriage from the men of the dorm. Other residents, Charles Henry and Arley Cohn, who seem to be less fortunate are licking assorted wounds resulting from semester-end ski trips.

From the largest dorm on campus comes news of a big ping-pong tournament from which will no doubt emerge the campus champion. Also at **Commons**, the Tuesday night house meeting was attended by Pepper Martin who spoke and showed movies of the Wildcat's great defeat at the Toledo Glass Bowl.

For those who can read — **East-West Hall** has voted to have daily newspaper in their lounge. Open inquiry about their snow sculpture plans reveal nothing about this highly guarded secret, but grapevine reports suggest the return of Olympia. Perhaps she will be on skis in keeping with the O.C. theme. Pressure groups may, however, be successful in effecting some sort of drapery for her ribs this year.

Inquiries about snow sculpture at **Engelhardt** receive nothing but smug remarks about their green lawn terrace. Guess we can't all be so lucky. You'll be sor - - ry — but seriously we wish lots of success and happiness to Claire Wright and Harry McNiel of **South** and **Gibbs** respectively on their blissful union.

Birthday parties in **Schofield** for Dottie Flowers, Connie Paige and Mary Lou Barton. . . Now that you are of age, a drink to your happiness.

Crash from **South** . . . Ruth Wallenfels' mistaking a closed window in **South** for a shower curtain resulted in her sticking her head through. The Service Department and Hood House collaborated on the repair (head and terrace). Perhaps the excitement over the new Coke machine caused the mishap.

The smoke seen issuing from the ears of **South** Girls, Friday morning was no doubt due to burning anger — brought about by a 6:30 a.m. fire drill.

What heartless girl in **South** forgot to send the postman a Valentine? Why not make it 68?

AAAA Holds Annual Advertising Exam

by Janice Darby

The third annual American Association of Advertising Agencies Examination for Advertising will be held in Boston on February 19 and 26. This exam is held to attract young people to advertising and to test them for work in the industry.

The tests are given chiefly for the benefit of students in their last year in college.

Part one of the exam will consist of aptitude and psychological tests. Part two will be made up of practical tests and is optional. Candidates are not expected to take this latter part of the test unless they have had specific training or study.

When the tests have been processed, each candidate will receive a score for each knowledge test he undertook and an appraisal of his potentialities for each of the seven types of advertising work covered by the examination. After the individual has received his test results, he may authorize the A.A.A.A. to make them

First Psychology Club Meeting Held Thursday

The first meeting of Psi Chi, honorary psychology society was held on Thursday, February 10, in the Trophy Room of Commons.

Discussions were held on topics both in the general field of psychology and in the University psychology department. These subjects included mathematics in psychology, the nature of dreams, the advisability of a prescribed curriculum in psychology.

Refreshments were served after the meeting. A refreshment committee was elected, consisting of Miss Dorothy Kohl, chairman, Burton Trafton, and Roy Hill.

Students desiring to take the examination may apply directly to the A.A.A.A. Examination Committee in the city where they wish to take the tests or write to the American Association of Advertising Agencies, 420 Lexington Avenue, New York 17, New York. A fee of \$15 is charged to cover part of the cost of administering the examination.

Notch Talk

by Dot Flowers

For people having the energy to move Saturday night Notch Hall is sponsoring an informal Vic Dance lasting from 8:00 p.m. till 11:45 p.m. Just think! 12 o'clock permissions. This dance is especially offered to those in dorms which are not having dances. And free refreshments are being served.

Dr. Yale of the history department is giving a lecture this afternoon on the Far East Situation. It will be in Notch Hall at 4:00 p.m.

For all those who haven't noticed the posters yet the Student Union is putting on free vic dances every Thursday night from 7:00 to 8:00 p.m. Of course this is a little hard on the ping pong players, but remember boys, it's much cheaper than a show. Come on up.

The transportation pool has devised a new system which they hope will be more efficient and easier on students desiring rides. Cards are being sent out to all students having cars on campus stating that if they don't want their names put on the transportation pool list to please send the card in to the Student Union office.

IDC Sponsors Essay Contest

An essay contest on the subject "How Can School Spirit be Improved on Campus" will be sponsored during the month of February by the Inter-dormitory Council.

First prize in the contest will be an album of University of New Hampshire records, while second and third prizes will be a history of the University and a playing-card set, respectively.

The essays must not exceed 500 words, and preferably, be typed double space. All entries must be postmarked not later than March 19, 1949, and should be mailed to John Bean, Contest Committee Secretary, Box 512, Durham.

Dean Sackett, Dr. Paul Schaefer, and Professor Phillip Wheaton will serve as judges. Awards will be based

Junior Class Meeting

President Charles Long has announced a Junior class meeting on Monday, February 21, at 4:15 p.m. in Murkland Auditorium, for the purpose of discussing plans for the Junior Prom.

On the agenda will be the election of a chairman for the dance to be held May 13.

Mr. Phillip Wheaton, Class Advisor, will address the group on the importance of cooperation in making such a weekend successful.

on practicality, specificness and originality.

During the intermission, Queen Betty and her aides will be officially crowned as "royal rulers" of the "Hickory Holiday" weekend.

Saturday afternoon, Miss Laurie and her escort, Jack Flanders of Kappa Sigma, will follow the crowd to Ballard Hall where the cross-country skiing events are slated to start at 2 p.m. A fast hike to the University hockey rink will find the Regents on hand to witness a varsity hockey game between UNH and Boston University, ice conditions permitting.

Ice Show

The final evening of the Carnival weekend will be highlighted by an Ice Show, with the location of the event to be announced later. The Junctioneer's Skating Club of Claremont, N. Sunday, the final day of the Carnival Weekend, will find ski fans boarding Outing Club buses at 8:00 a.m. for an all-day ski trip to the Gifford Ski Area.

Queen and Aides Form Royal Court to Preside at Carnival

Aides Barker, Henry; Queen Laurie; Aides Furman and Hoyle

Betty Laurie, elected Queen of the 28th Annual Winter Carnival, was born September 13, 1930, and resides in Concord, N. H. Queen Laurie graduated from Concord High in 1948. She was active in the Orchestra, Band, Choir, and Glee Club and was awarded the Concord Music Club Prize. Betty was also a cartoonist for the Volunteer, her high school paper, and member of the Student Council, Dramatic Club, and Senior Levee Committee.

At UNH Her Royal Highness is a music major in the Class of '52, and a violinist in the University Orchestra. An Alpha Xi Delta pledge, she is interested in singing and art work. Betty enjoys most sports, but favors basketball. This 5'3½", green-eyed,

brown-haired, 116 pound coed may be found in Congreve South between the hours of 11 p.m. and 7 a.m.

Of the Aides, Miss Betty Barker is a graduate of Keene High School, and was active in the Choir, Dramatic Club, Ski Club, Biology Club, Church Choir, and the Young People's Fellowship. Betty, a Junior at UNH, is a member of the Concert Choir, Church Choir, SCM, and Theta Upsilon. Majoring in Music, blonde, blue-eyed is 5'4" and weighs 119 pounds.

Miss Shirley Hoyle, of Manchester, N. H., was on the Student Council and on the staff of the Thesaurus in Manchester Central High. At UNH Shirley is secretary of the Class of 1950. Majoring in Biology, Shirley is a member of Alpha Xi Delta, SCM and the Outing Club. She is 5'5½", weighs 130 pounds, has laughing brown eyes and blonde hair.

Miss Janette Furman was Vice-President of the Student Council in Manchester High School, and also Associate Editor of "Little Green". She was valedictorian of her class. At UNH "Jan" is the girl who brightens the campus with smiles, and, a Junior, majoring in Physics, hasn't missed the Dean's List yet. "Jan" is a Pep Cat, sister of Alpha Xi Delta, a member of the Tennis Team, and a participant in interclass basketball and softball. This "All 'Round" Miss is 5'6", 120 pounds, with brown hair and green eyes.

Mrs. Ruth Coombs Henry graduated from Belmont High, Mass., in 1945. She was a member of the National Honor Society, Dramatic Club, the Belmontian Club, and a Cheerleader. At UNH Ruth is a Hospital Dietetics major in the Class of '49, and a member of Chi Omega. She is President of Mortar Board, a member of Student Government, a Pep Cat, member of SCM, and the Dean's List. Her main interest is hubby, John. The story of A CHEMICAL ACHIEVEMENT

How Du Pont scientists found a way to Moistureproof Cellophane

There's no secret to Du Pont's successful system for making chemical discoveries. It is simply research through teamwork.

As each new problem in research arises, it is tackled by men and women whose training and skill qualify them to master it. Backed by ample funds and facilities, they are continuously extending the field of scientific knowledge.

Take the case of moistureproof Cellophane. Plain, transparent Cellophane was strong, clear and protective. As a packaging material it had eye appeal. Its uses were limited, however. Perishable foods wrapped in this cellulose film were protected from contamination and were good to look at, but they did not retain their freshness. They either lost or absorbed moisture, depending on the nature of the food and atmospheric conditions.

That was a challenge to Du Pont research people. They set out to find materials that would moistureproof Cellophane without materially affecting its thinness or transparency. After developing a basic test to meas-

ure moistureproofness, they tried various procedures—adding ingredients to Cellophane dope before casting, impregnating sheets in baths and coating the film.

Coating showed the most promise. Had you been a member of the research team on this job, you might have helped mix and test several hundred different coating formulae over a 10 months' period. With successful coatings in sight, a small pilot operation was set up. Then—to make sure the new Cellophane was right—doughnuts, cookies and cakes were wrapped in it and sent to market. Finally, engineers were called on to design machinery for full-scale operation.

Now everything from chewing gum to porterhouse steaks is being sold in moistureproof Cellophane. Another scientific achievement is helping change the food packaging and food buying habits of America!

Using your training at Du Pont

Diverse problems call for diversified talents. At any one time, there are hundreds of interesting projects under way in the Du Pont laboratories. You may be trained in chemistry, engineering or physics. You may have studied in the fields of botany, entomology, parasitology, pharma-

Cellophane has become the nation's symbol for modern packaging. Since 1927, continuing research has developed over fifty different types.

Cellophane is made by extruding viscose through a slit into an acid bath where it coagulates into sheets. Moistureproofing follows.

Changes in Ski Events Moves Downhill, Slalom to Mount Hale

Late changes in the skiing plans for the coming Carnival Weekend have been announced by the committee in charge of skiing events. Men's and Women's downhill and slalom events will be held at Hale Mt. in East Barrington, ten miles from the campus, on Friday afternoon.

A change has also been announced in the starting location of the cross-country events scheduled for Saturday afternoon. The distance and obstacle races will start and end at Ballard Hall, rather than McNutt's Headwall as previously announced.

The decision to hold the downhill and slalom events at Hale Mt. was adopted with the hope of establishing a precedent whereby both the spectator and the participant "will get more for their money" than could be possible by utilizing the Durham terrain.

All contestants in Friday's events who do not have transportation should meet at Ballard Hall before 1:30 p.m. on Friday afternoon. Outing Club station wagons are already taxed to capacity, and it is hoped that students who own cars will aid the club by meeting at Ballard and providing transportation to contestants.

Entry sheets for all events have been posted in all houses and dormitories. These lists will be removed Thursday evening, but late entrants

may contact Monty Wuerslin at Theta Chi to signify their interest in the skiing events.

Sign-up sheets for the all-day trip to the Gilford Ski Area were posted at the Notch, Commons, and Ballard Hall, and will be removed Thursday evening. The ski outing is open to all students and will leave New Hampshire Hall at 8:30 a.m. on Sunday and will return around 6:00 p.m., pending weather and snow conditions.

There are some coeds who won't kiss on a first date. And there are others whom you date up again.

Spring Rushees Register February 21 in Dorms

Girls interested in spring rushing will sign up Monday, February 21, from 7:30 to 9:30 in all dormitories. Informal rushing will begin February 22.

Faculty members and faculty wives who are sorority women are requested by Pan-Hellenic Council to serve in an advisory capacity and to assist in the administration of the proposed rushing system which it is hoped will be initiated next year. At the same time, it will be an opportunity for an alumnae Pan-Hellenic group to function as a club itself.

All those interested should notify Anne Marie Flanagan at Theta Upsilon.

All human wisdom is summed up in two words — wait and hope.

LIQUOR AND LONGEVITY

The horse and mule live thirty years
And nothing know of wine or beers.
The sheep and goat in twenty die
Without e'er tasting scotch or rye.
The cow drinks water by the ton
And yet at eighteen she's all done.
The dog at fifteen cashes in
And never touches rum or gin.
The cat in milk and water soaks
And yet in twelve short years she croaks.
While little sober-minded hen
Lays eggs for nogs and dies at ten.
All animals are strictly dry
And sinless live and swiftly die.
While sinful, ginful, rum-soaked men
Live out their three-score years and ten.
And some there are, though mighty few,
Who "pickled" stay till ninety-two.
